We call the attention of the voters to the announcement of Chairman Chappell, of Buckingham county, who states the position of the County Democratic Committee in making the nominations for the county. The party expects the support and is justly entitled to it from every Democrat in the election of its nominees. No one has proven any fraud in the primary, and Democrats cannot afford to neglect a plain duty—the duty of fealty and loyalty to party. The issue is not men, but loyalty to your party and her nominees. The result is not doubtful if Democrats will do their duty on next Tuesday, both in Buckingham and Appomattox.

Mr. James H. Robertson, of Buckingham, has secured a valuable patent on his recent invention of a Combined Leveling and Sighting Rod. His invention will be useful and valuable in surveying, especially so in large surveys. Mr. Robertson has long been a genius with the compass and we expect great things of his useful invention.

Mr. Bryan spent a strenuous week in New York, but politics are so mixed there this time that it was "love's labor lost." The Roosevelt-Hearst combination was organized to beat Tammany and the outcome is looked forward to with interest the nation over.

The Boston Herald daily prints a column headed, "Queer things women are doing." It must be quite a task to keep the matter boiled down to a single column.

From his latest interview in N Y, it is evident that Henry Watterson got a heavy bump when he fell off the Bryan band wagon.

"A man who carries a baby is a good fellow," says Mr. Roosevelt. But who ever saw a man carrying a baby?

Tucker, Glass, Stuart, Mann-Trot out the next horse. But there isn't much chance for the "dark horse."

The Democrats have'nt had the presidency very often in the last forty years, but neither have they united it bad enough to steal it.

Like as not, Senator Foraker sent all those Louisiana bears notice in time to get out of the way of Roosevelt.

Chairman Chappell Explains.

MR. EDITOR: I note in your issue of the 23rd a letter from Capt. Patteson and your reply.

I think that your answer is complete as to the legality of the nominations, and the duty of all good Democrats to support the same, but there are some facts in regard to the matter which are not known to the public that make their case still stronger, and I will ask the liberty of using your paper to state in position of the nom nees.

At a meeting of the Committee on May 13th a majority of the members favored the nomination of county officers by convention, but believing that the people desired a primary they gave way to the popular wish and decided for primary to be held on the same day as the primary to name candidates for the Senate and House. As soon as the time for this had been fixed I published in the Central Virginia Outlook for several issues the notice required by the primary plan," and asking that all persons desiring to run as citizens at such primary should put their names on or before the 26th of June. On that day only one name had been received for any office except for Supervisor of the Maysville District; and as required by the primary plan I once declared them the nominees for their respective offices.

So I think that the committee and chairman not only did not usurp any power, but took extra pains to find out and to carry out the wishes of the people and that the Democrats of the county should have them by going to the polls and showing by their votes that they endorse the action. This is the only reward that the most of them expect or expect.

W. C. CHAPPELL,
Chairman Democratic Committee of Buckingham County.

Point Lookout.

Why I make my bow to the public and my cork screw curls fly to the wind so gracefully some of you men folks will say "she is an old maid.' Well now maybe I am, but I just want to say that I could have gotten married if I had wanted to. The fellow I liked was too selfish for anything in this world, this same was Bill Johnson, and he never thought of any one but Bill Johnson. It was Bill for breakfast, Bill for dinner and a mixture of me and Bill Johnson for supper—but the biggest dish in his eyes was for Bill. I believe he thought right smart of me, but when Bill was there and he was most always chiefly there, I came in on the second round. I just knew if it was that way in the eye, what would it be in the day. Men take you for better or for worse, and they make it the worst often by their selfishness. When they see woman worn and tired out with the labors of the day, putting forth all her strength for husband and little ones, herself last, then all his manhood and old speak and all his efforts be made to lessen the toil and the worry which has prevailed during the day and which has run into the night. Can this be the fair and happy one that he wooed and won, now so worn and weary? Can these lagging footsteps belong to the one who tripp'd along with a merry heart and the happy song up in her lips? Yes, and you have it too, though lately let the cares pile up on her pathway, going on selfishly forgetting even to smile upon the one you professed to love so well. I can hear you ask, how do you know, as you say you had a Bill Johnson but would not take him? It is true I have no Bill Johnson now, and am thankful to say I have not; but I have lived in the house with other Bills, good men in their way, but shut up within themselves, doing their own pleasure, and careing naught for those around. There are good men spoiled by this utter selfishness. Why cannot you throw off this outer coating, and come and be thoughtful for the paleness of your life. Men would do mighty well, if they were a little less selfish. I see Bill Johnson right often and I smile to myself that he had better be "rastling" with his own selfishness than to be working on

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhœa or Dysentery,** and above all, that dreadful disease **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated, above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

Dinwiddie.

DEAR TIMES: — Conference is very near here and the Methodist hosts are busy getting ready for the great event. The old Virginia Conference has now a membership of one hundred thousand, surely no insignificant host for sin to reckon with. Many have been the glorious victories won in the past and we press on to greater conquests. She has ever been in the forefront of every reform and never speaks in uncertain tones. The world knows where we stand. In Dinwiddie we are the predominating religious force. Prosperity is evident everywhere. Crops are abundant and of fine quality. The corn crop is simply immense. The peanuts have been dug and the yield much larger than expected and of a better grade, also. The tobacco crop is the best in several years. One of my members has sold one small load and got $20.00 per hundred for his best. He expects better prices later on. The fruit crop was good, especially apples. Pork raising is receiving more attention and is very profitable. Farming can be done with less labor and is much easier down here than in the hill country. The land is productive, and high. Our parsonage property, containing 40 acres 14 miles from railroad, is worth $1.200. There are 75.000 feet (estimated) of pine timber on the place.

The political situation is much mixed in this county. There are several independent candidates in the field, and, as they are quite popular, they will probably be elected. Many of our very best citizens resent the iron-clad, whipped-into-line features of the primary and refrain from voting until the regular election, then they "get in their work." Free men will not be coerced or whipped into line with the party lash.

Through the kindness of a friend my wife and myself had the pleasure of visiting the Jamestown exposition. I had heard and read much of the big show, but the half had not been told. It is simply grand, and very creditable to the State. The States exhibits building is like fairy land—one could spend several days there and still not lose interest. California, Missouri, Oklahoma and Virginia certainly excell, while the others were magnificent. Dinwiddie had a creditable exhibit. One of my stewards is one of the commissioners and has done his work well.

The Palace of Manufactures and Liberal arts is well worth a trip there in itself alone. It is indescribable and must be seen to be appreciated.

The Marine, Army and Navy and other buildings attract the thoughtful. The fisheries Building I did not have time to visit, much to my regret.

We took a ride around the grounds in an automobile after the grounds were lighted up. It was thrilling. We saw the reproduction of the battle between the Merrimac and Monitor. It was very impressive. We did not care to see anything else on the "War Path" and so spent little time there. We visited the navy yard in automobile and Mrs. Bell went through the ship Minnesota. There were many battle ships, torpedo and submarine boa s and transports in the harbor. We visited also Ocean View, Old Point, Fortress Monroe and Soldiers' Home.

I was impressed with the very reasonable charges for everything. Nothing was exhorbitant. The whole thing is educational from any view-point and should be visited by every one if possible, even if at some sacrifice. But I am sure many go and spend the most of their time on the "War Path," and see little of the real exposition.

The trip made me glad that I am living in the 20th century. I am more than ever proud of citizenship in this Republic, the greatest country on earth. What a grand world and great age is this that such an achievement could be consumated by man. We all have a larger view of life and its possibilities. May rightly use our opportunities and glorify God in our "bodies and spirits which are His." Amen.

I commend the strong position and clear utterances of the TIMES on all subjects of public interest and moral reform.

My next letter will be about our conference session and my impressions of Petersburg.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker the cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be the best preparation on the market for colds. I have recommended it to my friends and they all a ree with me."

Mr. W. C Bott, a Star City, Ind. liar leware merchant is enthusiastic, in his praise of Chamberlains Cough Remedy. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. Habit

Good or bad, its hard to get away from it's been our habit for years to give the closest CASH prices and ONE PRICE to all, and the habit sticks to us closer than a brother.

How do you know?

but what the fellow that for years has gotten long profits has become so accustomed to this that when you are spending your good cash he treks on the same price. It's reasonable that he does. Try us and note the difference.
